The *Tudás Alapítvány* (Foundation for Knowledge) was formed in 1994.

Our objectives are:

- to support young artists and their art exhibitions,
- to support lecturers and researchers,
- to support book and journal publishing;
- to release various publications;
- to organise scientific and cultural conferences;
- to cultivate cultural contacts between European nations;
- to present and support Hungarian culture abroad;
- to support the studies of talented students.

Within the general objectives listed above the foundation gives special attention to

- the improvement of the competitiveness of lecturers and researchers working in the field of economy or agriculture and that of the college or university students taking part in education related to these fields and also the farmers concerned. The foundation wishes to achieve this through imparting up-to-date knowledge about economy, agriculture, environmental protection, rural development etc;
- the preservation of natural and cultural values;
- the growth of cultural values by supporting new works of art (such as: statues, paintings, books, theatre performances, literature, music etc.);
- the preservation of historic traditions;
- the support of the discovery, preservation and study of folk art and folk culture;
- teaching the healthy way of life and the healthy attitude to life.

THE OBJECTIVES OF THE FOUNDATION

To patron young artists, researchers, art exhibitions and prints, book prints, sponsoring publishing, organizing and patron scientific and artistic conferences, deepening contacts of Central European nations, presenting and sponsoring Hungarian Culture, financing studies of talented students.

To improve position in the competing market by sharing the modern, up-to-date knowledge of agriculture and rural development of the college and university students, the lecturers, researchers and the farmers who are interested in rural development and agriculture.

To sustain cultural and natural values and helping their augmentation by supporting creation of new works of arts (such as statues, paintings, books, theatre performances, literature and music works), establishing statue parks, shrines, traditional memorials.

To preserve historical traditions and to support exploration and preservation of folk culture. To teach healthy way of life and healthy attitude to life.

To fulfill its mission the Foundation:

- a) can grant scholarships
- b) can settle single or regular subsidy for institutes, organizations, groups or individuals
- c) can sponsor programmes, publications
- d) can enter a competition individually or as a partner if it is allowed in the competition,
- e) can develop curriculum
- f) can help the fulfillment of the Foundation objectives other ways
- g) give services (such as organizing courses, presentations, providing lecture notes for courses)
- h) rely on organizations and institutions of local government
- i) cooperating with national and local foundations and authorities or other institutions with similar objectives
- j) the Foundation can do any financial business which is not risking the fulfillment of the Foundation objectives, the profit made will be spent on the accomplishment of the Foundation objectives
