Partner meeting

Project status in each implementing country (10 mins each)

Have we reached the goal to get sheep farmers active in our project, in Iceland, Turkey, Hungary and Denmark? The goal for every country is to get at least 100 to sign in to our Sheepskills platform and take active part in our courses, and of those 20-30 very active and functioning like mentors for others in the target group ... What have we done and what is left to do in this time that we have left in the project

Organisational and financial issues by Ragnhildur and Tedda

Copyright agreement

Other issues

Swimming in Laugarskarð (swimming pool at Hveragerði)

Visit to Reykjakot

Drive to national park Þingvellir

Friday 24.june

Open day for sheep farmers at the Agricultural University Hvanneyri: Sheepskills Day

English programme between 10-12

Our rector will have welcome speech at 10

Then the chairman from the National Office will speak for 10 minutes

After that we have lecture about sheep milk in Iceland (20 min) – good example of innovation, and about the book we are making in the Sheepskills project (20 min), and then Jolande will show the work that we have all done at Sheepskills.eu – new skills for an old profession, and then Annette holds lecture about living landscape, and Berit about wool and handicraft workshop

From 13-17 you will participate in the programme for Icelandic sheep farmers, the lectures will be in Icelandic but you can take part in workshops and participate with some pictures and introduction about sheep farming in HU/TR/DE and DK.

There will be singing and dancing and playing and sheeps and a lot of people to talk too ... you can work with wool, and everyone can stand up and tell story related to sheep! There will be a lot of activities related to sheeps, and I hope everyone have a good time ...
