### PROJECT DESCRIPTION

#### ***The project***

The project "Migrations, Integration and Co-Development in Europe" encourages an intercultural dialogue between civil society organizations and citizens from different countries and living communities in Europe to express their views about EU policies related to migration and asylum and more broadly, about the key priorities and strategic actions needed to face common and current challenges. Through a bottom up approach the project involves citizens and members from civil society organisations, local authorities, educational, cultural or research institutions, town-twinning committees and networks that are active in the migration and asylum field.

#### ***Objectives***

- To foster a lively and cross-border debate about EU policy related to migration, asylum and international protection among civil society organizations and citizens in Europe.
- To contribute to the kick-start of a common EU migration and asylum policy.
- To increase further cooperation, democratic engagement and civic participation between civil society organizations and citizens that are active in the migrations, asylum and inclusion field from different countries and living communities in Europe.

#### ***Activities***

- An initial international workshop on "Migration and Co-Development in Europe". Venue: Caltanissetta, Italy. Dates: 8-10 May
- An online survey will be launched in order to gather individual opinions on a common migration and asylum policy from a large number of citizens in all participating countries.
- A final international seminar "A common European migration policy". Venue: Caltanissetta, Italy. Dates: 3-4 October 2015
- As final output of the project, participants will work on recommendations for a European citizens' initiative demanding a new European migration policy.
- Dissemination and exploitation activities will take place at both local and EU level.
