## International conference « Discover our Europe »

November 30, 2021

Online

Fundación Cibervoluntarios is delighted to invite you to an international conference entitled “Discover our Europe” which will take place online on November 30, 2021.

Discover our Europe (<https://www.discoveroureurope.eu/>) is a project born in 2020 driven by the desire to talk and make talk about Europe to as many people as possible.

Co-funded by the Europe for Citizens program, 8 partners from 7 European countries are committed to organizing conferences in 7 different countries. Because Euroscepticism is often linked to a lack of knowledge of the European Union, **Discover our Europe** aims to talk about Europe with citizens in order to contribute and promote the emergence of an active European citizenship.
