

Erasmus+

MULTIPLIER EVENT

Venue and date of the event

Venue of the event: Bethlen Gábor Grammar School

Date: 20th September, 2023 – students (11 participants)
20th September, 2023 – students (25 participants)
21st September, 2023 – teachers (30 participants)

Topic: Presentation of the PermaCOOLTura project

The program of the event

- 1) Welcome / Ferenc Simon
- 2) Project aims and activities / János Palotás
- 3) Project results / János Palotás
- 4) Presentation of the interactive and audio book (PermaCOOLTura: Permakulturális megközelítés a fiatalok vállalkozói kultúrájának javítása érdekében) / János Palotás
- 5) Connection between PermaCOOLTura (<https://tudasalapitvany.hu/permaculture>) and ETCO (<https://tudasalapitvany.hu/social>) project / Eszter Kovács
- 6) Closing / Ferenc Simon

The informative presentations took place at the Bethlen Gábor Grammar School:

- two presentations for students in the frame of class (45 minutes – just showing point 5)
- one presentation for teachers (90 minutes)

On 31 August 2023, the Foundation of Knowledge and the Bethlen Gábor Grammar School completed a joint project (Empowering Teacher Competence to Promote Social Entrepreneurship in European Schools / ETCO), which has some common points with the PermaCOOLTura project, so it was reasonable to present the common points of the two projects in order to make use of both the interactive book and the audio book within the ETCO project.
